**California Wing Policy Letter 02-07**

**Subject: Mountain Qualification Requirement Removed**

Effective immediately, the mountain qualification requirement is dropped for Mission Pilots for the following operations:

1. Transport missions associated with a mission number
2. CD missions on routine patrol routes flown from the Imperial base
3. "High Bird" assignment at mission bases and,
4. WADS missions

Incident Commanders (IC), however, retain the prerogative to require a mountain qualification in individual cases where flight operations will be conducted in proximity to precipitous terrain.
